### **DETAILED ACTION**

1. This application is a national stage entry of PCT/IB05/50124, filed January 11, 2005.
2. Claims 1-24 & 27-30 are currently pending.

#### ***Claim Objections***

3. Claims 1, 3, 16, 19 & 23 are objected to because of the following informalities:  
Claim 1, line 10: "a runlength land or pit" should be --the runlength lands or pits--.  
Claim 3, line 2: "the runlength signal" should be --the runlength selection signal--.  
Claim 16, lines 2-3: "the runlength signal" should be --the runlength selection signal--.  
Claim 19, line 1: "apparatus as claimed in claim 1" should be --apparatus as claimed in claim 14--.  
Claim 23, line 2: "which sampled signals" should be --which of the sampled signals--.

#### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:  

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claims 4, 5 & 16-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regard to claims 4 & 5, the limitation "the runlength selection window" lacks antecedent basis because there is no previous mention of this limitation. Claims 17 & 18 have similar limitations as claims 4 & 5.

In regard to claim 16, the limitation "the RF analogue-to-digital converter" lacks antecedent basis because there is no previous mention of this limitation.

*Allowable Subject Matter*

6. Claims 1-3, 6-15, 19-24 & 27-30 are allowed over the prior art of record.
7. Claims 4, 5 & 16-18 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
8. Please see page 8, item 11 of the previous Office action for examiner's statement of reasons for the indication of allowable subject matter.

*Conclusion*

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
